# Summit Setup & Wizards

Save time by customizing default settings for the data entry processes you use most:

- Default plan parameters — e.g., FSA, HRA, etc. — that can be further customized as needed from setup to setup.
- Contribution schedules
- Reimbursement schedules
- Debit card functionality

Summit's wizards walk you through each step and ensure that the necessary information has been entered. In addition, an easy-to-follow progress bar helps keep you on track.
